Learning for Data Scientists

Build and Operate Machine
Learning Solutions with
Azure

Perform data science with
Azure Databricks

Prepare for DP-100: Data
Science on Microsoft Azure
Exam

Mar 13, 2024

MOHAMMAD NAKIBUL EZAZ

has successfully completed the online, non-credit Professional
Certificate

Microsoft Azure Data Scientist Associate (DP- 100)

An online program of five non-credit courses authored by Coursera and offered through Coursera. This program provides intermediate-level knowledge of planning and creating a suitable working environment for data science workloads on Azure. Learners who have completed this program should be able to run data experiments and train predictive models. In addition, they should be able to manage, optimize, and deploy machine learning models into production.
